Sanitary Sewer Construction Begins in Wards Corner

Dear Valued Customer,

The City of Norfolk has hired Gaston Brothers Utilities to replace the aging sanitary sewer infrastructure in the area of Wards Corner shown on the map to the right.

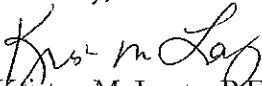

Neighborhood access will be maintained at all times with detours around the work zone. Work has begun near the Norfolk Wellness Center and will progress toward Burleigh Avenue.

Construction is expected to take 15 months to complete and will include newly paved streets.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with construction. If you have any questions regarding this project, please do not hesitate to contact the City's on-site construction inspector, Mr. Gary Kimber. He can be reached by cell phone at 646-1659 to respond quickly. You may also contact the project manager, Rick Dempsey, at 664-6719.

We look forward to completing this project, which will enhance your sanitary sewer service for many years to come.

Sincerely,

Kristen M. Lentz, P.E.
Director of Utilities
